Employment of medical and health services managers is projected to grow 18 percent from 2018 to 2028, much faster than the average for all occupations. As the large baby-boom population ages and people remain active later in life, there should be increased demand for healthcare administration and services. (US Bureau of Labor Statistics)

| Medical and Health Services Managers | 18% |
| Other Management Occupations | 6% |
| Total All Occupations | 5% |

Note: All Occupations includes all occupations in the U.S. Economy. Source: U.S. Bureau or Labor Statistics, Employment Projections Program.

Health Administration (BAS)
As a healthcare professional, your community and organization rely on your expertise but they may lack leadership you can provide. Healthcare Administrators are in high demand. You can qualify to fill these positions when you earn a Bachelor of Applied Science (BAS) degree in Health Administration from DSU’s 100% online program.

APPLIED ADVANTAGE

A Bachelor of Applied Science (BAS) degree is career-oriented and offers a focused approach on real-world skills that apply to your career. Experience the active and applied learning advantage in a degree program that prepares you to increase your managerial skills and advance your career.

BLAZE YOUR TRAIL

Learning isn’t confined to a traditional classroom. Courses can be completed based upon your personal needs within the semester. We are here to lend you support every step of the way.

PROGRAM OVERVIEW

The Healthcare Administration BAS is a degree completion program designed for current healthcare employees seeking to advance their careers and increase their salary. The program is fully online and offers flexibility in scheduling. Students will develop necessary real-world skills to do the following:

- Adapt to new policies
- Communicate effectively
- Pay attention to detail
- Discuss staff issues professionally
- Lead, hire, and train staff
- Understand new technology
- Identify logical solutions to problems
- Listen with full attention
- Adjust actions for better collaboration
- Make appropriate decisions

You can qualify to fill these positions when you earn a Bachelor of Applied Science (BAS) degree in Health Administration from DSU’s 100% online program.

Program Requirements

Admissions

- Completed a health sciences-based Associate of Applied Science (AAS) or Associate of Science (AS) degree from a regionally accredited institution
- 2.7 Cumulative GPA

Classes start three different times per year (January, May, and August)

- 45 credits required for completion
- Average time to complete the program is 4 semesters

Financial Aid and scholarships are available to those who qualify.

OUR STUDENTS

“In 2019 I moved to Southern Idaho which made this online program really convenient for me. I loved that it was all online which allowed me to complete my degree from a rural area. It was nice to stay connected with the University and other students pursuing the same degree.”

Cassidy, Class of 2020
